

April 5, 2010

My Job Creation Restoration Plan will:

1. Inject at least 9 billion dollars into the American economy.
2. Create new jobs.
3. Build new homes.
4. Improve our educational system.
5. Allow President Obama and/or the United States Congress to use the United States Military and their facilities' for job training.

The legal basis of my job creation restoration plan is the September 22, 1862 Emancipation Proclamation. This law was passed by the United States Congress on December 15, 1862 and as such will give President Obama and/or the United States Congress the authority to act on my plan immediately.

John Hawk-Bey
